Math Game: Bingo Add and Subtract Ten

✓ What I Practiced

How did you figure out which numbers to mark on the board?

☐ Used place value

☐ Other:

☐ Added 10 to the start number

☐ Subtracted 10 from the start number

⚙ How I Solved It

Find the sum.

Explain your thinking.

$$298 + 10 = \boxed{}$$

Find the difference.

Explain your thinking.

$$502 - 10 = \boxed{}$$

📌 Next Steps

What was challenging about this game?

What will help you do better next time?

☐ Look for place value patterns

☐ Other:

☐ Practice with a hundreds chart
