Math Game: Block Fit

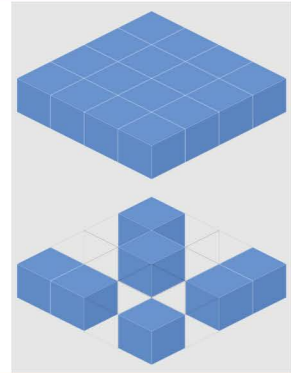

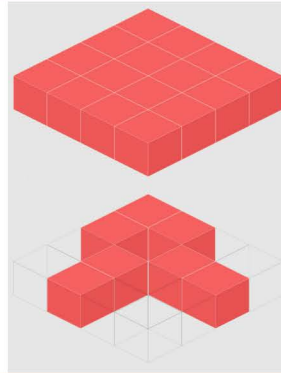

✓ What I Practiced

What helped you fit the blocks together?

- | | |
|--|---------------------------------|
| <input type="checkbox"/> Finding identical cubes | <input type="checkbox"/> Other: |
| <input type="checkbox"/> Removing cubes that matched | |
| <input type="checkbox"/> Imagining the combined shapes | |

⚙️ How I Solved It

Place an X on the cubes in the top shape that do not appear in the bottom shape.

📌 Next Steps

What was challenging about Block Fit?

What will help you do better next time?

- | | |
|--|---------------------------------|
| <input type="checkbox"/> Remove blocks that match | <input type="checkbox"/> Other: |
| <input type="checkbox"/> Compare shapes before combining | |
