Math Activity: Interactive Addition Chart

✓ What I Practiced

What patterns or discoveries did you make?

- ☐ Doubles facts ☐ Other:
- ☐ Fact families
- ☐ Sums made in different ways

⚙️ How I Solved It

Find two ways to make
the target sum.

$$\underline{\quad\quad} + \underline{\quad\quad} = 14$$

$$\underline{\quad\quad} + \underline{\quad\quad} = 14$$

Find two ways to make
the target sum.

$$\underline{\quad\quad} + \underline{\quad\quad} = 11$$

$$\underline{\quad\quad} + \underline{\quad\quad} = 11$$

📌 Next Steps

What will you try the next time you explore this chart?

- ☐ Find missing addends ☐ Other:
- ☐ Color all the doubles
- ☐ Try a different number range
