Math Game: Math Angles

✓ What I Practiced

What helped you measure the angles?

- | | |
|---|---------------------------------|
| <input type="checkbox"/> Estimating the angle first | <input type="checkbox"/> Other: |
| <input type="checkbox"/> Using the correct number scale | |
| <input type="checkbox"/> Lining up the base of the protractor | |

⚙ How I Solved It

Draw an angle that measures 110° .

Explain how you did it.

📌 Next Steps

Which angles were hardest to measure?

How can you improve your measuring skills?

- | | |
|--|---------------------------------|
| <input type="checkbox"/> Practice with a real protractor | <input type="checkbox"/> Other: |
| <input type="checkbox"/> Visualize angles | |
