## Math Game: Math Push

### ✓ What I Practiced

What helped you clear the number tiles and reach the exit?

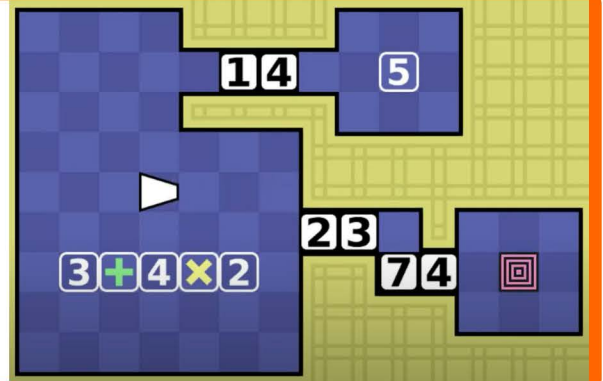

- ☐ Building math expressions
- ☐ Testing different combinations
- ☐ Knowing the order of operations

☐ Other:

### ⚙️ How I Solved It

What expression would clear 14?

Once the 5 tile is free, how can you make 23 and 74?

### 📌 Next Steps

What was tricky about Math Push?

What would help you do better?

- ☐ Plan moves before pushing
- ☐ Review order of operations

☐ Other:
