Math Game: Number Patterns

✓ What I Practiced

What helped you complete the number patterns?

- ☐ Counting forward and backward ☐ Other:
- ☐ Testing different rules
- ☐ Looking at adjacent numbers

⚙️ How I Solved It

Complete the sequence.
What's the pattern?

20 14 8 5

Complete the sequence.
What's the pattern?

1 5 8 7 10

📌 Next Steps

What was tricky about Number Patterns?

What would help you do better next time?

- ☐ Look for multiplication patterns ☐ Other:
- ☐ Find the difference between neighbors
