## Math Game: Shape Balance

### ✓ What I Practiced

What skills did you practice during the game?

- |  |                                 |
|--|---------------------------------|
| <input type="checkbox"/> Planning ahead              | <input type="checkbox"/> Other: |
| <input type="checkbox"/> Balancing shapes            |                                 |
| <input type="checkbox"/> Rotating and placing shapes |                                 |

### ⚙️ How I Solved It

What helped you keep the stack stable until the timer ended?

Draw the shapes that were difficult to balance.

### 📌 Next Steps

What was tricky about Shape Balance?

What would help you do better next time?

- |   |                                 |
|---|---------------------------------|
| <input type="checkbox"/> Aim for a more balanced base       | <input type="checkbox"/> Other: |
| <input type="checkbox"/> Build slowly and check for tilting |                                 |
