Math Game: Snow Sprint Fractions

✔ What I Practiced

What helped your snowmobile zoom across the snow?

☐ Unit fractions (½, ¼) ☐ Seeing a part of a part

☐ Simplifying fractions ☐ Other:

☐ Same denominators

⚙ How I Solved It

Multiply the fractions. Explain how you solved each problem.

$$\frac{2}{3} \times \frac{1}{2} =$$

$$\frac{3}{8} \times \frac{4}{5} =$$

▟ Next Steps

Which problems were difficult to solve?

What strategies will help you next time?

☐ Practice with arrays ☐ Simplify fractions

☐ Real world examples ☐ Other:
