Math Activity: Space Graph

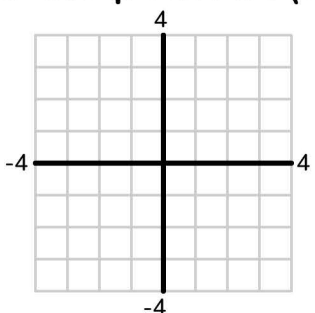

✓ What I Practiced

What helped you locate the coordinates?

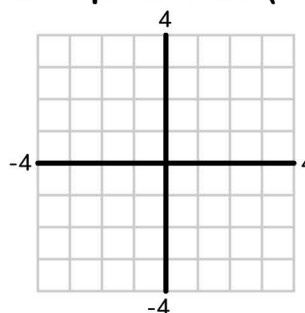

- ☐ Reading the coordinates correctly
- ☐ Finding the right quadrant
- ☐ Counting along each axis
- ☐ Other:

⚙️ How I Solved It

Find the point at $(3,1)$.

Find the point at $(-1,-2)$.

📌 Next Steps

What will help you do better next time?

- ☐ Plotting negative coordinates
- ☐ Remembering x is first, y is second
- ☐ Finding the quadrant
- ☐ Other:
