Math Game: Tower of Hanoi

✓ What I Practiced

What helped you move the tower successfully?

- | | |
|--|---------------------------------|
| <input type="checkbox"/> Solving a simpler version first | <input type="checkbox"/> Other: |
| <input type="checkbox"/> Following a step-by-step plan | |
| <input type="checkbox"/> Remembering the placement rule | |

⚙ How I Solved It

Describe your problem solving process.

What was the greatest number of rings you moved?

📌 Next Steps

What are your best problem solving tips?

What will you try next time?

- | | |
|--|---------------------------------|
| <input type="checkbox"/> Practice with fewer rings first | <input type="checkbox"/> Other: |
| <input type="checkbox"/> Look for repeating steps and patterns | |
