## Math Game: Coins

### ✓ What I Practiced

What helped you pay the right amount for the gumballs?

- ☐ Counting by 1, 5, and 10      ☐ Other:
- ☐ Using mental math to add
- ☐ Trading up smaller coins

### ⚙️ How I Solved It

What coins would you use to make each price? Draw the coins.

28 cents

42 cents

### 📌 Next Steps

Did you use the coin converter? How did it help?

What will you try next time?

- ☐ Trading coins      ☐ Other:
- ☐ Look for more than one solution
